Mine operations update

Tahmoor Coking Coal is continuing reduced operations due to ongoing financial constraints and funding delays. The workforce remain at home on standby until operations can resume.

Tahmoor Coking Coal is aiming to commence mining of Longwall S4A in Q1 2026 (however timing is subject to funding and mine site operation restart).

BBQ free to hire in the local community

Do you have an upcoming event and need a mobile BBQ? Tahmoor Coking Coal has a community BBQ trailer available for anyone in the local community to use for free!

The BBQ trailer is kindly managed by Bargo Mens Shed. If you wish to book the BBQ trailer for any upcoming parties, sports carnivals, fundraisers, etc. please contact **Richard Millet at Bargo Mens Shed on 0419 416 586.**

Bargo Bunnies Junior Rugby League support

On 20 September, Tahmoor Coking Coal had the pleasure of attending the Bargo Bunnies Junior Rugby League Football Club end of year presentation at Bargo Community Hall.

It was a fantastic celebration to end the 2025 footy season, recognising the hard work and dedication of all the young players, coaches, volunteers and families who make the club so special.

We were pleased to award the Player of Year trophies to each age group and congratulate the players on their exceptional effort and achievement.

Tahmoor Coking Coal was thrilled to be the major sponsor in 2025 and we are pleased to confirm our continued support for the 2026 footy season.

Whilst it's been a very challenging year for the coal mine, our community engagement and partnerships remains a key focus.

Tahmoor Coking Coal - current mine plan

Figure 1 highlights the location of Longwall S4A in yellow.

- The blue line (predicted 20mm Subsidence Area) indicates the area predicted to experience subsidence from LW S4A mining.
- The grey shading depicts the previously mined areas.
